

You may apply for a loan by yourself or with another person who may be your spouse or someone else. If you are applying with another person, who is not your spouse, that person must fill out a separate application which must be submitted together with this application.

Provide information about your spouse if you're married and living in Washington, Idaho, or another community property state or if you're relying on your spouse's wages to repay us.

You do not have to include information on income for alimony, child support or maintenance unless you want us to consider it in granting credit.
